About the Young Horse Show Series (YHS)

The Young Horse Show Series is designed to provide sporthorse breeders as well as owners, trainers and riders of all disciplines an affordable show venue to introduce and evaluate their young horses to the show environment and “put on necessary mileage” with appropriate and special classes suitable to the proper development of young horses. It is also intended to create a sales environment where numerous young horses are in a single location and their talents displayed in front of a buying audience.

Created in 2009 by Jean-Yves Tola and with the help of the North American Studbook directors and professionals of the sporthorse industry, the first “test” show took place at Spy Coast Farm in 2010. The response and obvious success of the show motivated Lisa Lourie and Jean-Yves Tola to take it to the next level. A meeting with Mark and Katherine Bellissimo, other ESP partners and key figures followed shortly thereafter and because of their vision, generosity and real understanding of the industry’s needs towards young sport horses in the US, the Spy Coast Farm Young Horse Show series was created.

Many seasons are now behind us and the YHS Series is the new standard for breeders as well as young horse owners and trainers here in the US. Over the years, the numbers have doubled and the business has flourished for every one involved. The new Tryon Resort and Equestrian Center has become the home of the YHS Finals. Their excellence in Equine Sport production and support of the young horses has proven to be a huge benefit for the Equine enthusiasts. They have also created a Perpetual Trophy for each year's Champion of the High Score Best American bred horse at the Finals. An additional and most important “SPECIAL THANK YOU !” goes to all the participants of the YHS series!

As the 2024 series is under way, we would like to invite anyone that would be interested in hosting a Young Horse Show or simply sharing their ideas and suggestions by contacting us at: younghorshowjy@gmail.com

Thank you and Happy 2024 YHS season!
